

## Hurricane Industrial Concrete Remover

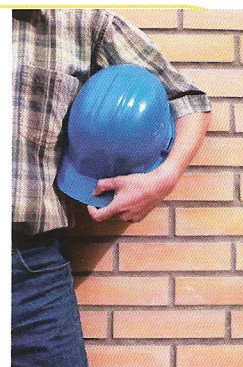

### *The Natural Solution for Renewal.*

Hurricane Industrial Concrete Remover is a safe, efficient, cost effective solution for the removal of concrete build-up on tools, machinery, and transportation equipment. Created from bio-based building blocks, Hurricane Industrial Concrete Remover breaks down concrete using elements that occur naturally in the environment.

- Developed from renewable resources supporting corporate sustainability efforts
- Cleans and protects without leaving a film or residue, keeping vehicles fresh and ready for the next job
- Lubricates tires, hoses, gaskets, and seals as it cleans
- Can be applied at the plant or job site using a low pressure sprayer or brush and bucket
- Excellent complimentary item for manufacturers with a retail presence

*Safer for water  
resources*

*Safer for  
employees*

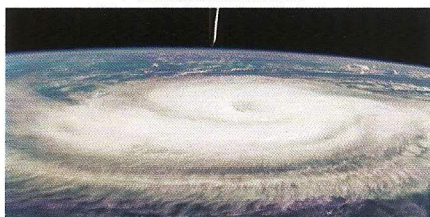

### Safe for use on equipment containing:

- |                   |                    |
|-------------------|--------------------|
| ✓ copper          | ✓ chrome           |
| ✓ steel           | ✓ glass            |
| ✓ stainless steel | ✓ nitrile (buna N) |
| ✓ bronze          | ✓ viton            |
| ✓ rubber          | ✓ teflon           |
| ✓ most plastics   | ✓ painted surfaces |

The only product that will not damage aluminum (AL1100) parts.

## *Environmentally Friendly*

Hurricane Industrial Concrete Remover is formulated with biobased building blocks derived from renewable resources, making it a significant contributor to the quality and sustainability of life. Hurricane Industrial Concrete Remover is ideal for building sites seeking LEED certification.

## *Advanced*

Assembled from EPA recognized environmentally friendly elements, Hurricane Industrial Concrete Remover is one of the most innovative concrete removal agents on the market today. Its clear, odor free solution makes working in tight places a snap.

## *Versatile*

Hurricane Industrial Concrete Remover may be used to clean:

- All types of vehicles and hauling equipment
- Wires, cables, hoses, connectors
- Mixers and storage equipment
- Tools and spreading equipment
- Forms and casts
